WiFi Video & Security

OCam-M3 - WiFi VideOCamera

OCam - Wherever you are, See all you can see!.

OCam has never been easier to add to your home security system. It only takes minutes to set up and keep you connected to your home or office from anywhere in the world.

Accessing live streaming video on your iOS/Android smartphone, tablet or computer at any time, which means you're never far from home. OCam has 720 high definition video, 110° field of view and high quality of night vision. The cam smart security camera is good for increasing visibility into baby's room, points of entry, basements, garages, pet room, outside the home and business office. It easy to stay connected with places, people and pets, no matter where you are. You're never far from the things you love.

OCam M3

Safety Approval

FCC RoHS CE NCC

Features

◈ LED power and status indicator.

◈ Build-in WiFi communication function supporting IEEE 802.11n / 150Mbps wireless technology.

◈ Ingenious! Stylish! Light weight! Compact! Easy to carry! Use in anywhere! Anytime! Perfect for travelling.

◈ The high quality sensor gives you extremely clear night view in the low light environment.

◈ With the cycle recording feature, you can achieve non-interrupted recording when the memory card is full.

◈ The motion triggered recording ability save memory space to provide efficient memory storage to the device.

◈ A specially designed wide-angle lens is designed to suit a diverse range of shooting/recording requirements.

◈ Support iOS / Android App, more simple and convenient user experience by using smartphone and tablet.

Specification

Model No.	OCam-M3
Sensor	1M pixel CMOS sensor
Lens	120 degrees glass wide angle lens
Operation System	Linux base
Video Recording Format	H.264, 720P / VGA / QVGA, 30fps maximum
System Security	Level 3 account, Password, AES, Permission Management
Alarm	Motion & Voice Detection, E-mail Notification
Speaker	Built-in
Microphone	Built-in
Reset	Reset button is available
Support Memory Card	Support up to 32G micro SD with cycle recording
Input Power	5Vdc / 1A max. with Micro-USB connector
Wireless Standard	IEEE 802.11 b / g / n
Wireless Security	WEP, WPA, WPA2
Supported Protocol	HTTP,TCP/IP,SMTP,FIP,PPPOE,DHCP,DDNS,NTP
P2P Standard	RSTP(Real Time Stream Protocol), P2P Video Stream
Operating Temperature	0˚C ~ +50˚C
Safety Approval	CE / FCC / NCC / RoHS
Accessories	Holder, Micro USB cable adapter
